Platform to connect shoppers who want to share promotional discounts

## EXPERIENCE

### IBM | Software Developer Intern

May 2015 – Present | Markham, ON

- Worked with the WebSphere Developer Tools (WDT) and Bluemix Tools team in Java/Eclipse
- Improved Liberty feature conflict detection
- Delivered fixes to Liberty Tools and wrote JUnit/Abbot test cases for Liberty features
- Tested Bluemix Liberty and Node.js buildpacks
- Improved automated installations for WDT/Eclipse and Liberty runtime in the Test Framework

### MagneticHR (startup) | Web Developer

May 2014 – Aug. 2014 | Toronto, ON

- Redesigned MagneticHR resulting in an increase in users and signups
- Created a simple user interface for the employer job board and the backend content management page
- Implemented PHPMailer allowing recruiters ability to email individual and grouped applicants instantly
- Utilized jQuery to produce smooth animations and organized CSS using Bootstrap

### BizInc (incubator) | Technical Intern

Sept. 2013 – Apr. 2014 | London, ON

- Updated and maintained BizInc's website to keep students informed of entrepreneurship events
- Generated web traffic for start-ups using search engine optimization and social media marketing
- Assisted new companies with brand creation, promotion, and logo design
- Managed BizInc's social media accounts using HootSuite and contributed to the BizInc blog

### Lawson Health Research Institute | Research Intern

Sept. 2013 – Apr. 2014 | London, ON

- Created small experimental pieces using 3-D printing software SketchUp
- Tested bioluminescence of mice cells transfused with luciferase genes
- Presented experimental results to the Optics team
